

## Crochet Macramé Cord

Make 3 chain.  
Insert hook into the 2 upper loops of 2nd and 1st ch and place on hook. There are now 3 loops on hook.

Hook yarn and draw through first and 2nd loops = 1st dec.  
Draw new yarn through both rem loops = 2nd dec.

Turn work upwards to the left. The two loops from chain now lie above. Insert hook into upper loops of chain. There are now again 3 loops on hook.

Hook yarn and draw through 1st and 2nd loops = 1st dec.  
Draw new yarn through both rem loops = 2nd dec.

Again turn work upwards to the left. Insert hook into upper loops of chain. There are now 3 loops on hook. Again work 1st and 2nd dec through 2 top loops as before.  
Repeat throughout until desired cord length is reached, then weave in ends.
